La camera e il living si reinventano riscritti dal nuovo alfabeto di una collezione dal design contemporaneo e dall'animo sistemico.

Stile e funzionalità si uniscono in un concept d'arredo basato sulla trasversalità delle finiture e sul potere creativo della modularità. Un dialogo vivace ed eclettico tra la zona giorno e quella notte.

EN

The bedroom and living area are reinvented by the new lexicon of a collection with a contemporary design and holistic spirit.

Style and practicality come together in a furnishing concept based on versatile finishes and the creative power of modularity. A vibrant and eclectic dialogue between the living area and bedroom.

Quattro case, quattro mondi che raccontano esigenze abitative e personalità differenti. Locali piccoli e contenuti oppure ampi e importanti, ambienti storici oppure moderni.

Questo catalogo interpreta il living attraverso quattro stili diversi che esaudiscono il medesimo desiderio di comodità e vivibilità e la necessità di soluzioni che contengono e ottimizzano.

Configurazioni che poi trovano continuità nelle possibilità progettuali della zona notte.

Four homes, four worlds, each with their own set of living needs and personalities. Small and compact rooms, or else large and spacious, historic or contemporary settings.

This catalogue interprets the living area through four distinct styles fulfilling the same desire for comfort and liveability, together with the need for solutions that both contain and optimise.

Configurations that enjoy continuity in the design possibilities of the bedroom.

## Respect for the environment

**Economia circolare**  
Produciamo strutture e ante in nobilitato costituite da pannelli ecologici provenienti da fornitori certificati FSC® che utilizzano legno pre e post-consumo a cui viene data una seconda vita in virtù di un'economia circolare che si autoalimenta, senza andare a intaccare il nostro patrimonio forestale.

**Circular economy**  
We produce melamine-faced structures and doors consisting of ecological panels produced by FSC® certified suppliers who use pre- and post-consumer wood, which is given a second life thanks to a self-perpetuating circular economy, without impacting our existing forests.

**Materiali eco-friendly**  
Utilizziamo vetro e alluminio, riciclabili all'infinito per realizzare prodotti resistenti e di grande impatto estetico, e PET per superfici sicure che non rilasciano alcuna emissione tossica durante il ciclo di produzione e utilizzo.

**Eco-friendly materials**  
We use glass and aluminium, infinitely recyclable materials to develop resistant products with a high visual impact, and PET for safe surfaces without toxic emissions either during production or use.

**Diagnosi energetica**  
Monitoriamo costantemente i consumi totali e definiamo azioni di miglioramento sistemico per ottimizzare il nostro impatto energetico.

**Energy diagnosis**  
We constantly monitor our total consumption and define systemic improvement actions to optimise our energy impact.

**Imballaggi**  
Impieghiamo solo cartoni realizzati con carta riciclata, riducendo progressivamente l'uso della plastica per sostituirla completamente con materiali green.

**Packaging**  
We use only boxes made of recycled paper, gradually reducing the use of plastic, to be completely replaced with eco-friendly materials.

**Durabilità dei prodotti**  
Progettiamo prodotti con una maggiore vita utile per ridurre i rifiuti e offrire alti standard qualitativi.

**Product durability**  
We design products that last longer to reduce waste and offer high quality standards.

**Attitudine green-living**  
Abbiamo azzerato l'utilizzo della plastica negli uffici e nella produzione installando distributori d'acqua e recuperiamo tutti i rifiuti che produciamo con la nostra attività industriale.

**Green-living attitude**  
We have eliminated the use of plastic in our offices and production department by installing water dispensers, and recover all the waste we produce through our industrial activities.

**Logistica interna**  
Abbiamo ottimizzato tutte le movimentazioni all'interno dell'azienda per ridurre al minimo lo spreco di risorse energetiche e la produzione di CO<sub>2</sub>.

**Internal logistics**  
We have optimised all internal company logistics to reduce energy wastage and CO<sub>2</sub> production to a minimum.

**Ottimizzazione degli spazi**  
Riduciamo lo spreco dei materiali da costruzione ottimizzando gli spazi con le nostre soluzioni di arredo che si adattano alle diverse architetture grazie alla loro ampia modularità e personalizzazione.

**Space optimisation**  
We reduce building material waste by optimising spaces with our own furniture solutions, perfectly adaptable to different architectures thanks to their extensive modularity and customisation.

**Innovazione**  
Siamo sempre alla ricerca di materiali e materie prime uniche che ci permettono di proporre sul mercato prodotti di alta qualità dal design distintivo. Abbiamo introdotto un sistema di intelligenza artificiale che pianifica la produzione, massimizza la produttività e facilita le operazioni di logistica e smistamento riducendo, in maniera significativa, gli sprechi.

**Innovation**  
We are always on the lookout for unique and raw materials allowing us to offer the market high-quality products with a signature design. We have introduced an artificial intelligence system that plans production, maximizes productivity and facilitates logistics and sorting operations by reducing waste significantly.

**Tecnologie green**  
Scegliamo materiali naturali al 100% resi straordinari da processi innovativi come la tecnologia di sinterizzazione che permette di creare pietre ceramiche senza l'utilizzo di colle e sostanze inquinanti. Abbiamo adottato l'utilizzo di vernici bio certificate Greenguard che garantiscono basse emissioni e una migliore qualità dell'aria negli ambienti domestici.

**Green technologies**  
We chose 100% natural materials with an excellent performance from innovative processes such as sintering technology which allows ceramic stone to be created without using adhesives or polluting substances. We have adopted the use of Greenguardcertified organic paint that ensure low emissions and better air quality in home environments.

**Trasporto**  
Organizziamo le spedizioni ottimizzando gli spazi e i percorsi delle consegne per ridurre le emissioni di CO<sub>2</sub> sul pianeta.

**Transport**  
We organise shipments by optimising space and delivery routes to reduce CO<sub>2</sub> emissions on the planet.

**Progetti Speciali**  
Aderiamo al Furniture Pact, un progetto ideato dal Sustainability Lab di SDA Bocconi School of Management, che mira a supportare le aziende della filiera del legno-arredo verso l'adozione di modelli gestionali sempre più sostenibili.

**Transport**  
We are joining the Furniture Pact, a project conceived by the Sustainability Lab of SDA Bocconi School of Management, which aims to support companies in the wood-furniture supply chain toward the adoption of increasingly sustainable management models.
