IT

La camera e il living si reinventano riscritti dal nuovo alfabeto di una collezione dal design contemporaneo e dall'animo sistemico.

Stile e funzionalità si uniscono in un concept d'arredo basato sulla trasversalità delle finiture e sul potere creativo della modularità. Un dialogo vivace ed eclettico tra la zona giorno e quella notte.

EN

The bedroom and living area are reinvented by the new lexicon of a collection with a contemporary design and holistic spirit.

Style and practicality come together in a furnishing concept based on versatile finishes and the creative power of modularity. A vibrant and eclectic dialogue between the living area and bedroom.

Index of compositions

Quattro case, quattro mondi che raccontano esigenze abitative e personalità differenti. Locali piccoli e contenuti oppure ampi e importanti, ambienti storici oppure moderni.

Questo catalogo interpreta la camera attraverso quattro stili diversi che esaudiscono il medesimo desiderio di comfort e relax della zona notte e la necessità di soluzioni che contengono e ottimizzano.

Configurazioni che poi trovano continuità nelle possibilità progettuali della zona living.

Four homes, four worlds, each with their own set of living needs and personalities. Small and compact rooms, or else large and spacious, historic or contemporary settings.

This catalogue interprets the bedroom through four distinct styles fulfilling the same desire for comfort and relaxation in the bedroom, together with the need for solutions that both contain and optimise.

Configurations that enjoy continuity in the design possibilities of the living area.

L'habitat contemporaneo
giovane e dinamico.
Legno, luce, delicatezza.
La calda naturalità
dello stile nordico.

The young and dynamic
contemporary habitat.
Wood, light, delicacy.
The warm naturalness
of the Nordic style.

N09

Un mix di materiali e dettagli studiato per restituire un senso di calore e benessere. La boiserie è resa più coinvolgente e architettonica dall'utilizzo del Noce. Le scelte dei tessuti conferiscono accoglienza all'ambiente. Le ante dell'armadio a due finiture ritmano e danno carattere allo spazio.

A mix of materials and details designed to restore a sense of warmth and wellness. More engaging and architectural panelling thanks to the use of Noce. The choice of fabrics lends cosiness to the room. The two-toned wardrobe doors add rhythm and flair to the space.

L'appartamento
d'epoca tra ieri e oggi
Il fascino di un
tempo lontano
rivive contaminato
e valorizzato da una
sensibilità moderna.
Tra eleganza
e funzionalità,
tra atmosfera e vita.

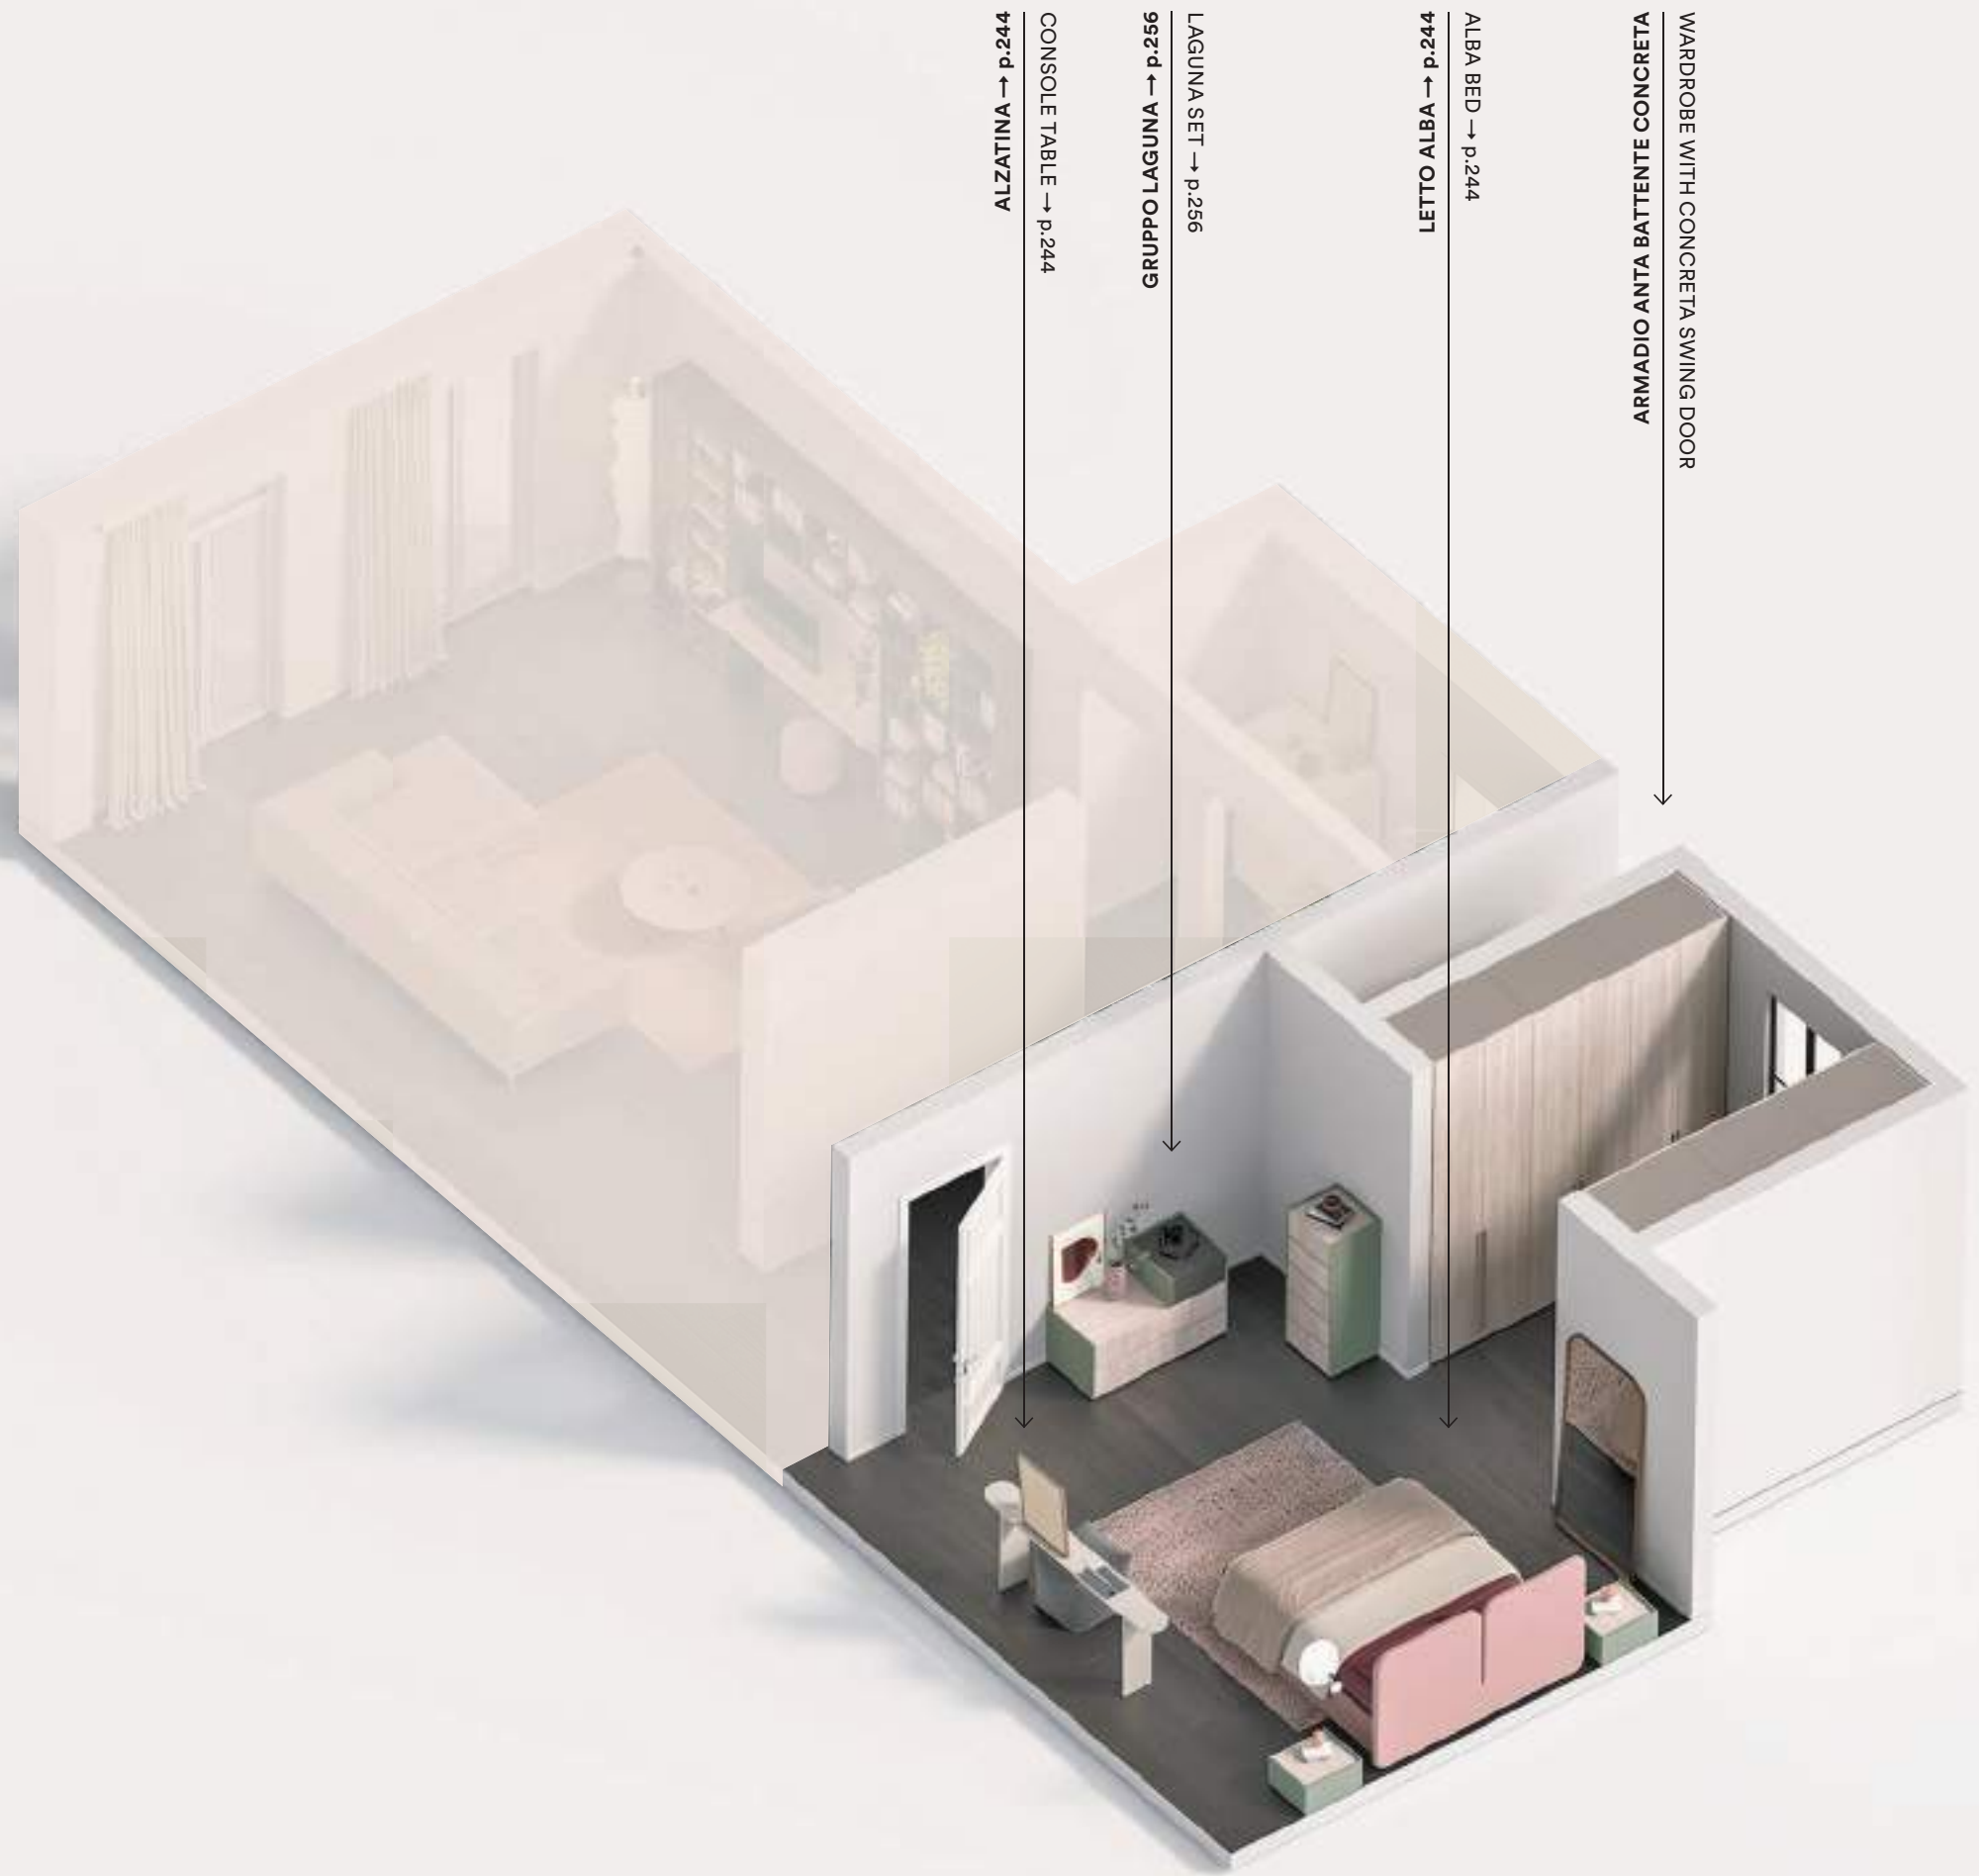

The period apartment
of past and present

The allure of a bygone era lives
again, contaminated and enhanced
by modern sensibility. Elegance
and practicality, atmosphere and life.

N20

Armadi nicchiati esaltano la zona notte rendendola protagonista assoluta. Tessili imbottiti valorizzano il pregio. Forme essenziali e tonalità tenui esprimono un'eleganza moderna, accogliente e delicata.

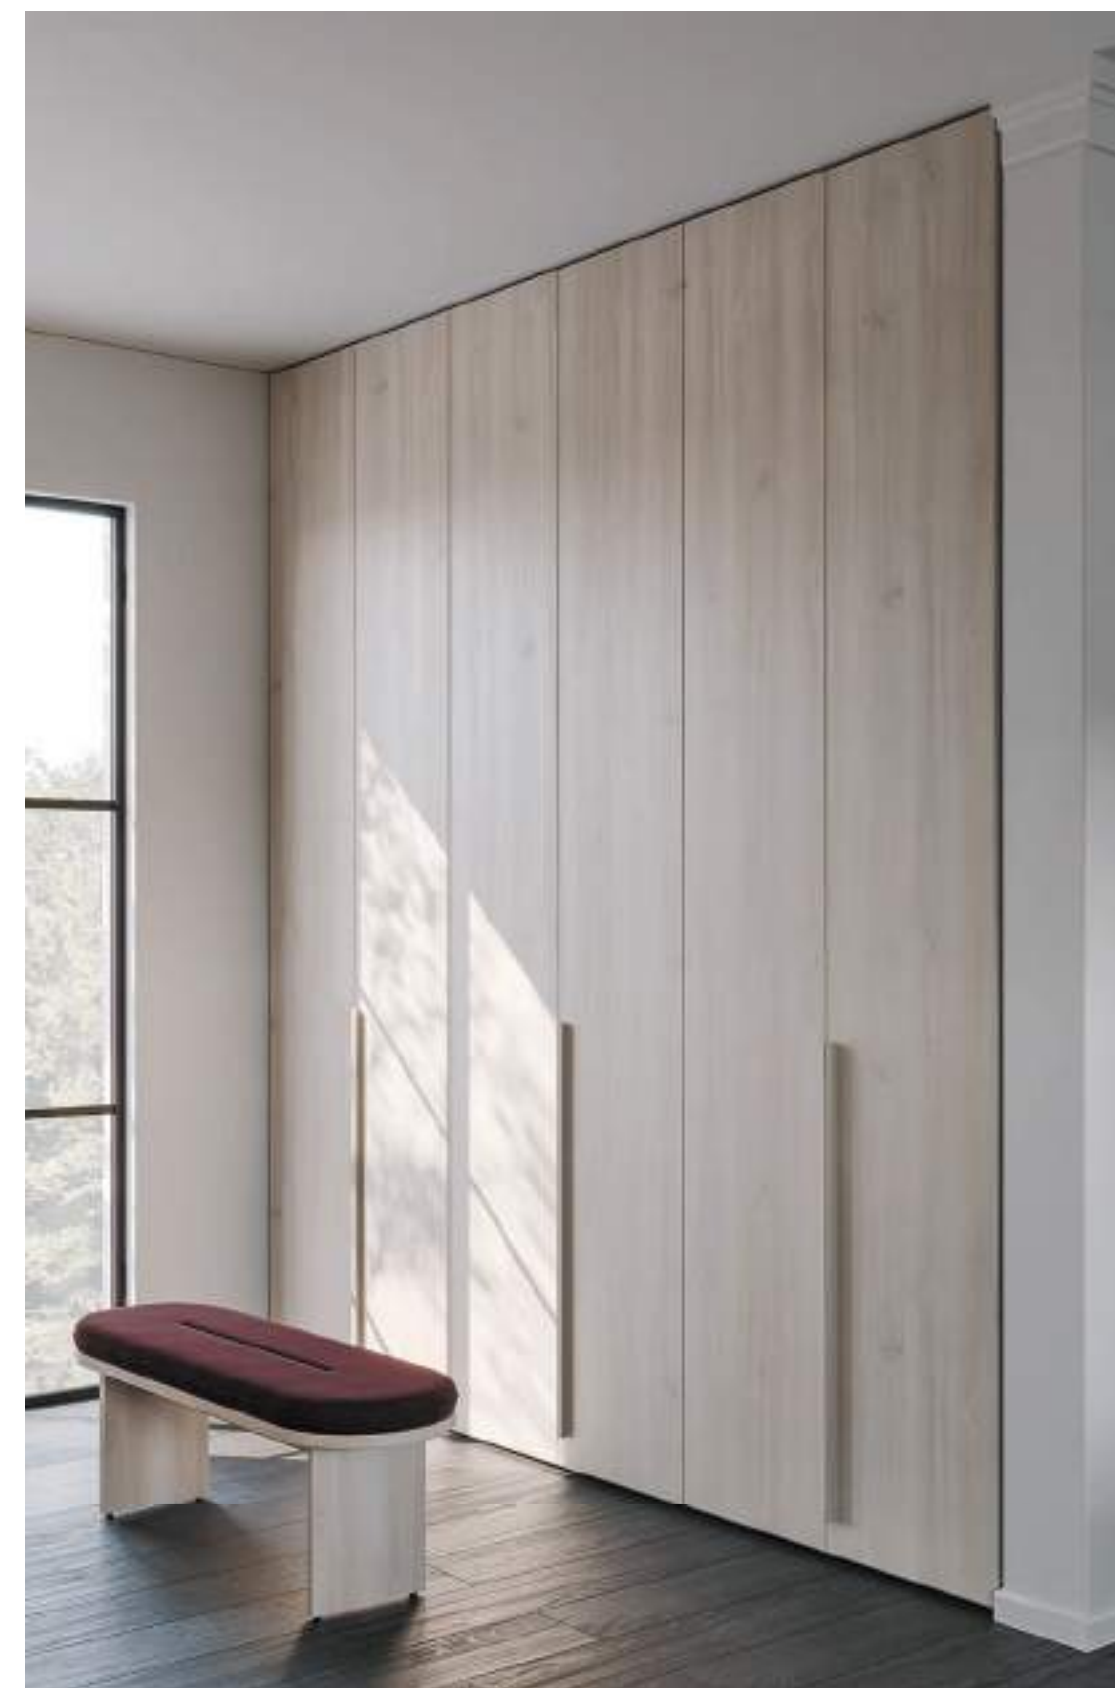

Niche wardrobes enhance the bedroom, making it the absolute protagonist. Upholstered textiles heighten their value. Understated forms and soft hues express modern, welcoming and gentle elegance.

Una camera di dimensioni esigue: la libreria che separa, ritma e di nuovo connette. Dal letto all'armadio agli altri componenti di arredo: la creatività orchestra lo spazio con uno stile essenziale.

A modest-sized bedroom: the bookshelf that separates, adds rhythm and then reconnects. From the bed to the wardrobe to all the other furnishings: creativity orchestrates the space in essential style.

Rispetto dell’ambiente

Respect for the environment

Economia circolare
Produciamo strutture e ante in nobilitato costituite da pannelli ecologici provenienti da fornitori certificati FSC® che utilizzano legno pre e post-consumo a cui viene data una seconda vita in virtù di un'economia circolare che si autoalimenta, senza andare a intaccare il nostro patrimonio forestale.

Circular economy
We produce melamine-faced structures and doors consisting of ecological panels produced by FSC® certified suppliers who use pre- and post-consumer wood, which is given a second life thanks to a self-perpetuating circular economy, without impacting our existing forests.

Durabilità dei prodotti
Progettiamo prodotti con una maggiore vita utile per ridurre i rifiuti e offrire alti standard qualitativi.

Product durability
We design products that last longer to reduce waste and offer high quality standards.

Innovazione
Siamo sempre alla ricerca di materiali e materie prime uniche che ci permettono di proporre sul mercato prodotti di alta qualità dal design distintivo. Abbiamo introdotto un sistema di intelligenza artificiale che pianifica la produzione, massimizza la produttività e facilita le operazioni di logistica e smistamento riducendo, in maniera significativa, gli sprechi.

Innovation
We are always on the lookout for unique and raw materials allowing us to offer the market high-quality products with a signature design. We have introduced an artificial intelligence system that plans production, maximizes productivity and facilitates logistics and sorting operations by reducing waste significantly.

Materiali eco-friendly
Utilizziamo vetro e alluminio, riciclabili all'infinito per realizzare prodotti resistenti e di grande impatto estetico, e PET per superfici sicure che non rilasciano alcuna emissione tossica durante il ciclo di produzione e utilizzo.

Eco-friendly materials
We use glass and aluminium, infinitely recyclable materials to develop resistant products with a high visual impact, and PET for safe surfaces without toxic emissions either during production or use.

Attitudine green-living
Abbiamo azzerato l'utilizzo della plastica negli uffici e nella produzione installando distributori d'acqua e recuperiamo tutti i rifiuti che produciamo con la nostra attività industriale.

Green-living attitude
We have eliminated the use of plastic in our offices and production department by installing water dispensers, and recover all the waste we produce through our industrial activities.

Tecnologie green
Scegliamo materiali naturali al 100% resi straordinari da processi innovativi come la tecnologia di sinterizzazione che permette di creare pietre ceramiche senza l'utilizzo di colle e sostanze inquinanti. Abbiamo adottato l'utilizzo di vernici bio certificate Greenguard che garantiscono basse emissioni e una migliore qualità dell'aria negli ambienti domestici.

Green technologies
We chose 100% natural materials with an excellent performance from innovative processes such as sintering technology which allows ceramic stone to be created without using adhesives or polluting substances. We have adopted the use of Greenguardcertified organic paint that ensure low emissions and better air quality in home environments.

Diagnosi energetica
Monitoriamo costantemente i consumi totali e definiamo azioni di miglioramento sistemico per ottimizzare il nostro impatto energetico.

Energy diagnosis
We constantly monitor our total consumption and define systemic improvement actions to optimise our energy impact.

Logistica interna
Abbiamo ottimizzato tutte le movimentazioni all'interno dell'azienda per ridurre al minimo lo spreco di risorse energetiche e la produzione di CO₂.

Internal logistics
We have optimised all internal company logistics to reduce energy wastage and CO₂ production to a minimum.

Trasporto
Organizziamo le spedizioni ottimizzando gli spazi e i percorsi delle consegne per ridurre le emissioni di CO₂ sul pianeta.

Transport
We organise shipments by optimising space and delivery routes to reduce CO₂ emissions on the planet.

UNI EN ISO 14001
Abbiamo certificato il nostro sistema di gestione ambientale in conformità agli standard alla norma UNI EN ISO 14001.

UNI EN ISO 14001
We have certified our environmental management system in compliance with standard UNI EN ISO 14001.

Imballaggi
Impieghiamo solo cartoni realizzati con carta riciclata, riducendo progressivamente l'uso della plastica per sostituirla completamente con materiali green.

Packaging
We use only boxes made of recycled paper, gradually reducing the use of plastic, to be completely replaced with eco-friendly materials.

Ottimizzazione degli spazi
Riduciamo lo spreco dei materiali da costruzione ottimizzando gli spazi con le nostre soluzioni di arredo che si adattano alle diverse architetture grazie alla loro ampia modularità e personalizzazione.

Space optimisation
We reduce building material waste by optimising spaces with our own furniture solutions, perfectly adaptable to different architectures thanks to their extensive modularity and customisation.

Progetti Speciali
Aderiamo al Furniture Pact, un progetto ideato dal Sustainability Lab di SDA Bocconi School of Management, che mira a supportare le aziende della filiera del legno-arredo verso l'adozione di modelli gestionali sempre più sostenibili.

Transport
We are joining the Furniture Pact, a project conceived by the Sustainability Lab of SDA Bocconi School of Management, which aims to support companies in the wood-furniture supply chain toward the adoption of increasingly sustainable management models.
